

Big thanks to the Village League from Las Vegas

letters to the editor

Mary and I are the owners of a home in Incline and we are deeply grateful for all the hard work the Village League to Save Incline Assets has accomplished. The residents of Incline and Crystal Bay did not initiate this disparity but we are very thankful for the results.

We were present, in the hearing room, when Suellen Fulstone presented our case in February of last year. We were very impressed. She did a fine job and deserves a big thank you from all of us. That being said, we are fair people and believe people should be compensated for what they do. We are the beneficiaries of the leagues' hard work, and it deserves our thanks and support.

No one asked us to write this letter but it deserves to be written. Mary and I will compensate the league, including attorney Fulstone, for their hard work. It has been evident this has been a thankless pursuit, at times, and we believe we should support the league and our attorney for a job well done. Mary and I believe this to be the honorable thing to do.

Maryanne Ingemanson, Dale Akers, Les Barta, John Carney, Wayne Fischer, Todd Lowe, Chuck Otto, and to all who went through this struggle as our representatives, we thank you.

And finally. Thank you to the North Lake Tahoe Bonanza for its accurate and timely reporting on this issue. If it wasn't for this accurate and open reporting, we believe we would be waiting for justice, still.
